

PocketDay Sports – v1.3

Requirements

PocketDay Sports requires a color BlackBerry device with OS version 4.0 or higher.

Installation Instructions

There are two ways to install PocketDay Sports; via the desktop manager when your BlackBerry is connected to your computer or downloading it Over the Air (OTA) using the BlackBerry's web browser. OTA downloads are recommended.

OTA install

Launch the native browser on your BlackBerry

Select Go To on the menu

Enter the following URL:

<http://www.crossriversystems.com/files/v40/pds.jad>

You should see a screen prompting you to download PocketDay Sports

Select Download

When the download is complete select Reboot Now if prompted to do so.

You should now see the PocketDay Sports icon on the screen

Desktop Manager Install

Extract the PocketDay Sports files to a directory on your pc

Launch the BlackBerry desktop manager

Double click on the Application Loader

Follow the Wizard until you see the list of software on your BlackBerry

Click the Add button

Browse to the directory where the PocketDay Sports files are located

Highlight the PocketDay.alx file and select open

Then click next and follow the instructions

Your BlackBerry will then reboot

You should now see the PocketDay Sports icon on the screen
